STUDENT-DASHBOARD:

INSTRUCTOR-DASHBOARD:

The screenshot displays the CODINCWEB Instructor Dashboard for user Mohan, specifically the 'My Courses' section. The dashboard includes a sidebar with navigation options: My Profile, Dashboard, My Courses (selected), Add Course, Settings, and Logout. The main content area features a greeting 'Hi Mohan' and a prompt 'Let's start something new'. A 'Visualize' section contains a pie chart comparing 'Students' and 'Income' for two courses: CPP and Python Basics. The 'Statistics' section shows a summary of course metrics. Below these, the 'Your Courses' section lists the courses created by the user.

COURSES	DURATION	PRICE	ACTIONS
 Python Basics Learn Basics of Python Created: April 16, 2024 1:30 AM Published	2hr 30min	₹1	 
 CPP Learn basics of cpp coding language like Conditional-statement, For Loop, While loop, Pointers etc. Created: April 16, 2024 0:26 AM Published	2hr 30min	₹100	 

ADD-COURSE IN INSTRUCTOR-DASHBOARD:

The screenshot shows the 'Add Course' form in the CODINCWEB instructor dashboard. The form is divided into three steps: 1. Course Information, 2. Course Builder, and 3. Publish. The first step is active, showing fields for Course Title, Course Short Description, Course Price, and Course Category. A 'Course Upload Tips' box on the right provides instructions on setting course price, thumbnail size, video section, and adding topics.

Course Upload Tips

- Set the Course Price option or make it free.
- Standard size for the course thumbnail is 1024x576.
- Video section controls the course overview video.
- Course Builder is where you create & organize a course.
- Add Topics in the Course Builder section to create lessons, quizzes, and assignments.
- Information from the Additional Data section shows up on the course single page.
- Make Announcements to notify any important
- Notes to all enrolled students at once.

PAYMENT-INTEGRATION:

The screenshot shows the payment integration interface for a course titled 'CPP'. The course details include 'Learn basics of cpp coding language like Conditions etc.', '0 reviews', '0 students enrolled', and 'Created By Mohan Kumar'. The price is 'Rs. 100'. The 'What you'll learn' section states 'Learn basic syntax within short time duration.' The 'Course Content' section is partially visible. A 'StudyNotion' payment modal is open, showing 'Preferred Payment Methods' (Wallet - Airtel Payments Bank) and 'Cards, Netbanking & More' (Card, Netbanking, Wallet, Pay Later). The modal also shows the amount '₹ 100' and a 'Pay Now' button. The course page also features a 'Buy Now' button, an 'Add to Cart' button, a '30-Day Money-Back Guarantee', and a 'This Course Includes' section with the note 'No prior knowledge is required.' and a 'Share' button.
